An RT-PCR lab was inaugurated at TMSS Medical College and Rafatullah Community Hospital, Thengamara, Bogra on 30th May, 2020 Saturday to test for corona virus (Covid-19).

Bogra District Commissioner Fayez Ahmed inaugurated the lab. He mentioned that this was the first time that a PCR lab has been set up in North Bengal for corona testing. The people of North Bengal, will get the assistance of this lab for corona virus test. Corona patients can be identified by testing more people in this lab. TMSS's founding executive director Prof. Dr. Hosne Ara Begum presided over the function while Bogura Superintendent of Police Md. Ali Ashraf Bhuiyan, Civil Surgeon Dr. Md. Gausul Azim Chowdhury, Bogra Sadar Upazila Nirbahi Officer (UNO) Md. Azizur Rahman, Sadar Upazila Health and Family Planning Officer Dr. Md. Samir Hossain Mishu, TMSS deputy executive director Dr. Md. Matiur Rahman also delivered their valuable speech.

Prof. Dr. Moudud Hossain Alamgir Pavel, Executive Adviser, TMSS Health Sector, gave a detailed presentation on RT-PCR Lab through a multimedia presentation. Note that corona virus can be detected by testing in this lab from 31st May, 2020 Sunday. Health care measures have been ensured in this hospital to provide medical services to the general patients. For this training of doctors, nurses, staff has been provided. And individual safeguards have been taken. Everyone will follow the health rules.
